

Comeau Aerospace Inc.

Ultimate Flying Machine - Design Engineering Projects

CAI-200ET - Equilibrium Twin

- Delta style, swept back wing with variable geometry canard/forward wing aircraft.
 - Stall proof main wing, a virtually spin proof aircraft design.
 - Excellent low and high speed flight characteristics.
 - The ultimate in safety and flight control, highly maneuverable.
 - Electric, hydraulic & manual controls and retractable landing gear.
 - State of the art aircraft for engineered strength, light weight & aero design.
 - A very smooth quiet ride with little turbulent effects.
 - A pressurized cabin for long range continent adventure.
 - Great weight/fuel saving, enhanced performance, value and style.
 - High lift aerodynamic design enables greater useful load with performance to spare.
 - Advanced materials and manufacturing.
 - twin NTPI-R-600 liquid cooled 600 hp V8, variable speed super chargers*
 - Super Atomized Fuel Systems Inc. & NTPI fuel igniters - extreme performance & efficiency.
 - Options: In-flight adj. multi-blade contra-rotating composite super-props.
 - Options: NTPI-R-1200 liquid cooled 1200 hp V12, variable speed super chargers.
- * smile - it's good for your heart...

CAI-200 Equilibrium Twin

- 2,000 mile range ● climb: 2,800-4,000 fpm;
- empty weight: 9,800 lbs ● load: 3,000 lbs ● fuel: 3,000 lbs ● Max Takeoff: 15,800 lbs
- cruise speed : 300 kts ● max speed : 400 kts
- length: 47', wingspan: 55', canard: 26'
- Capacity : 8-10 passenger and luggage ● service ceiling 31,000'

Jetstream Vision

- *Price*: est. \$5.75 million each
- *Market Vision*: initial 5+ aircraft; 5+ aircraft within 5 years Civil/Commercial: 50
- *Service & Maintenance Vision*: service life hours and maintenance to be determined
- *Initial Production Vision*: 5 aircraft to start program
- *Colour Vision*: jet black, sky blue, custom, polished aluminum & military
- *Job Creation Vision*: 400 long term jobs, high value added, premium compensation.
- *Investment & Acquisition Vision*: common shares and convertible bonds, aircraft specific, fractional ownership+
- *Pilot Vision*: let's fly!

The CAI-200ET Equilibrium Twin

Equilibrium, like excellence and performance is in accordance with your point of view.
